SC900 Memory Card

With write speed of up to 260 MB/s, Acer SC900 memory card achieves V90 video speed rating, supports high-speed continuous shooting of quality pictures, and records 4K UHD videos. Up to 300 MB/s read, you'll power through post-production with super-fast file transfer from card to computer. Designed to withstand extreme environments, Acer SC900 cards are shockproof, temperature-proof, waterproof, vibration-proof, and X-ray-proof. You can capture and store valuable moments in various environments without worrying about data security and durability.

>Product Features

New-gen UHS-II standard

Designed with the latest UHS-II standards, Acer SC900 meets the needs of professional photography equipment for high-performance memory accessories and helps photographers to bring creativity to life.

4K video capture

With V90 video speed rating, this feature makes Acer SC900 memory cards ideal for seamless 4K videos capture in professional extreme sports and other fast-action events.

Fast continuous shooting

Supports high-speed continuous shooting mode and captures RAW + JPEG photos at the same time. Acer SC900 memory card's latest innovations helps to avoid lost productivity and reserve more space for post-production.

Waterproof* and shockproof*

With IPX7 waterproof rating, it allows Acer SC900 to be used in high humidity and harsh environment without worrying about data lost caused by accidental drop in water and flooding damage to memory cards.

* Vibration-proof: withstand outgoing 1000 Gs.

* Shock-proof: withstand a drop from up to 6 meters.

>Acer Advantage

Established in 1987, the Acer brand empowers people with the technology to make their mark and the freedom to live their desired lifestyle. Acer-branded products strive to make technology accessible to everyone.

Acer branded storage products are designed and manufactured under official license by BIWIN Storage Technology company, a leading maker of quality flash memory, DRAM memory and solid-state drives (SSD storage devices).

SC900 Memory Card Product Specifications

Capacity	64 GB / 128 GB / 256 GB
Standard	SD4.0
Max. Sequential Read Speed (MB/s)	300
Max. Sequential Write Speed (MB/s)	260
Dimensions	24.0 x 32.0 x 2.1 mm
Weight	1.8 g
Storage Temperature	-25 °C - 85 °C
Working Temperature	-40 °C - 85 °C
Shock Resistant	1000 G / 6 sec
Vibration Resistant	6.0667 GRMS(20-2000 HZ)
Limited Warranty	5-Year

1. Maintenance and future updates are required throughout product life cycle. Specifications are subject to change without notice.
2. The pictures are for illustration only. Actual product may vary due to product enhancements or changes.
3. Not all products are sold in all regions of the world.
4. Memory card purchase instructions: Please confirm whether your devices are compatible with SD 4.0 before purchase.
