

UP300 USB Flash Drive

With read speeds up to 120 MB/s, Acer USB 3.2 Gen 1 flash drive offers you the experience of everyday fast data transfer, saving your valuable time. Capacities from 8 GB to 1 TB to satisfy the need for high-speed transfer and storage of multimedia files.

>Product Features

The speed you can trust	Choice of colors and capacities	Portable digital world	Wide Compatibility
<p>Built with a premium master controller and high quality ICs, the Acer UP300 flash drive achieves up to 120 MB/s read speed. The impressive speed (and a range of high capacity models) makes this USB a preferred choice for portable storage, especially for larger multimedia files.</p> <p><small>* Tested by our labs. Speed varies according to your computer's capabilities and environment.</small></p>	<p>With multiple capacities from 8 GB to 1 TB, UP300 can store various files at will. It's important to have the size you need. Available in white, black, and green.</p>	<p>The UP300 USB 3.2 Gen 1 supports plug-and-play without any driver or power supply and reads easily with its speed. This is the perfect USB for sharing or storing your work, fun or studies.</p>	<p>Acer UP300 is backward compatible with computers, tablets, mobile phones, sound equipment, smart TVs, and car audios. In addition, it supports Windows and Mac operating systems.</p> <p><small>* For Mac OS, the users will first need to choose the exFAT format.</small></p>

>Acer Advantage

Established in 1987, the Acer brand empowers people with the technology to make their mark and the freedom to live their own desired lifestyle. Its products strive to make technology accessible for everyone.

Acer storage products are designed and manufactured under official license by BIWIN Storage Technology company, a leading maker of quality flash memory, DRAM memory and solid-state drives (SSD storage devices).

UP300 USB Flash Drive

Product Specifications

Interface	USB 3.2 Gen 1							
Capacity	8 GB	16 GB	32 GB	64 GB	128 GB	256 GB	512 GB	1 TB
Maximum Read Speed	100 MB/s	100 MB/s	100 MB/s	120 MB/s				
Dimensions	62.00 x 21.70 x 8.00 mm							
Weight	9 g							
Working Voltage	5 V \pm 5 %							
Working Temperature	0 °C to 60 °C							
Storage Temperature	-20 °C to 80 °C							
Certifications	CE, FCC, ROHS, BSMI, RCM							
Compatibility	Windows XP/7/8/10/11, Mac os v.10.5.x+, Linux v.2.6.x+							
Warranty	5-Year Limited Warranty							

1. Maintenance and future updates are required throughout product life cycle. Specifications are subject to change without notice.
2. Not all products are sold in all regions of the world.
3. As used for storage capacity, one megabyte (MB) = one million bytes, one gigabyte (GB) = one billion bytes, and one terabyte (TB) = one trillion bytes. Total accessible capacity varies depending on operating environment. As used for buffer or cache, one megabytes (MB) = 1,048,576 bytes. As used for transfer rate or interface, megabyte per second (MB/s) = one million bytes per second, and gigabyte per second (GB/s) = one billion bytes per second.
