# UT300 USB Flash Drive

Acer UT300 is a high-performance, dual-port flash drive designed to work with both USB-C and USB-A devices. With a USB 3.2 Gen1 interface, it delivers faster file transfers with read speeds up to 150 MB/s. The easy-to-use sliding cap design for both ports provides added convenience and protection. Whether for business or personal use, the Acer UT300 keeps your content safe, easily accessible, and ready for faster cross-platform transfers.

Dual Port:  
USB-C/USB-A

Speeds Up to  
150 MB/s

Up to 1 TB

Compact and  
Stylish Design

## >Product Features

### USB 3.2 for Faster File Transfers

Experience faster data transfers with the Acer UT300 USB Flash Drive. Featuring a USB 3.2 interface, it delivers read speeds up to 150 MB/s, significantly improving transfer times compared to USB 2.0. No more waiting—complete backups and transfers more efficiently. Speed up your workflow and save valuable time with the UT300.

\* Tested by our labs. Speed varies according to your computer's capabilities and environment.

### Enough Storage for All Your Digital Projects

Acer UT300 offers a wide range of eight capacities, from the compact 8 GB models (perfect for daily file transfers) to the expansive 1 TB versions (ideal for professional backups and multimedia libraries). The UT300 offers any of the storage size options you need to match your digital lifestyle.

### Additional Connectivity with Dual USB-C & USB-A Ports

Equipped with both ultra-fast USB-C and widely compatible USB-A ports, the Acer UT300 effortlessly connects to devices such as phones, tablets, laptops, TVs, and audio equipment. Simplify daily tasks, increase productivity, and better preserve every important moment without compatibility worries. From creative professionals and educators to gamers and audiophiles, the Acer UT300 offers a universally accessible storage solution that meets everyone's needs.

### Lightweight, Tough, and Stylish Storage

Acer UT300 features a lightweight aluminum alloy chassis that delivers both excellent portability and durability. Precision-engineered, its rugged design provides protection against shocks, accidental drops, and corrosion. The device's premium sand-blasted oxidation finish creates a sleek and stylish look while resisting fingerprint smudges. Ergonomically designed for ease of handling, the Acer UT300 lets you store, transfer, and secure your important files with peace of mind.

## >Acer Advantage

Established in 1987, the Acer brand empowers people with the technology to make their mark and with the freedom to live their desired lifestyle. Acer-branded products strive to make technology accessible to everyone.

Acer branded storage products are designed and manufactured under official license by BIWIN Storage Technology company, a leading maker of quality flash memory, DRAM memory and solid-state drives (SSDs).

## Product Specifications

Model Name	Acer UT300
Interface	USB 3.2 Gen1 Type-A / Type-C
Capacity	8 GB / 16 GB / 32 GB / 64 GB / 128 GB / 256 GB / 512 GB / 1 TB
Sequential Read (Up to)	150 MB/s
Dimensions	63.43 × 17.90 × 8.40 mm
Weight	≤10 g
Operating Temperature	0 °C to +60 °C
Storage Temperature	-20 °C to +80 °C
Certifications	CE, FCC, RoHS, BSMI, RCM
Warranty	5-Year Limited

1. Maintenance and future updates are required throughout product life cycle. Specifications are subject to change without notice.
2. Not all products are sold in all regions of the world.
3. As used for storage capacity, one megabyte (MB) = one million bytes, one gigabyte (GB) = one billion bytes, and one terabyte (TB) = one trillion bytes. Total accessible capacity varies depending on operating environment. As used for buffer or cache, one megabytes (MB) = 1,048,576 bytes. As used for transfer rate or interface, megabyte per second (MB/s) = one million bytes per second, and gigabyte per second (GB/s) = one billion bytes per second.
